CHIEF SECRETARY 10020 27 MAY 1948 GOVT. OF MYSORE

This file relates to our request to the Govt. asking them to transfer the internal telephone system (as well as the trunk board) in the Civil Station, to the Govt of Mysore is put up for perusal & note for discussion at Delhi

The internal telephone system in the Station is owned & operated by ~~our~~ Govt. (Electrical Dept) Consequent on retrocession, it is only fair & equitable that the internal telephone system in the Civil Station should also be owned & operated by us There is really no justification for the continuance of the existing arrangement, under which the system is worked by the P & T Dept in the Civil Stn and by the Mysore Govt Electrical Dept in the rest of the Station The other request is that the trunk board ~~which~~ installed in the Civil Stn may also be transferred to our Electrical Dept. (This note has the concurrence of Mr Hayath CE & Dewan)

Retrocession of the C&M Station, Bangalore.

I am in receipt of your D.O.No.4425 of the 17th April 47 and have started collecting all the information required by you.

2. I have not yet received any communication from the Secretary to the Hon'ble the Resident in Mysore, on the above subject.

3. I will be sending to you a full report on all the points that you have raised, in the near future, as at present, the policy of this Department -- in respect of most of the points -- is not known to me.

Thanking you,

COPY

Re: Retrocession of the C&M Station, Bangalore.

--

I hope you have received a communication from the Secretary to the Hon'ble the Resident in Mysore, on the above subject, and I shall be glad, if you will kindly arrange to furnish me with the following information, regarding the C.B. Telephone Exchange in the C&M Station:-

(1) Statement of assets of the local Automatic Telephone Exchange along with its distribution system, both underground and overhead, with the key maps thereof.

(2) Details of the Military Automatic Telephone Exchanges at various places within the State boundary taken over by the Posts and Telegraphs recently.

(3) The capital cost of all the above equipment as borne in accounts.

(4) A statement of the Trunk Exchange Board that has been recently installed and the lines served and the distance of the lines served by this Automatic Trunk Board within the State boundary.

(5) With regard to the capital cost of the assets to be handed over, details may kindly be furnished as to the original capital cost, the number of years they have been in service and the present depreciated value thereof.

(6) A statement of establishment that is operating the local Exchange Board as well as the Trunk Board with their status, grades of pay and the present salary and allowances.

(7) The number of telephones that are in service in the area that is proposed to be retroceded and the number of telephones that are to be in service in the retained area.

(8) Whether it is proposed by the Posts and Telegraphs Department to have a separate telephone exchange for the telephones in service in the retained area or whether they are to be serviced as at present and the necessary royalty to be charged therefor.

Thanking you for an early reply in this behalf,

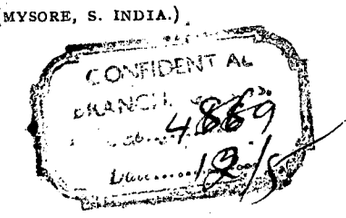
GOVERNMENT OF MYSORE
ELECTRICAL DEPARTMENT

OFFICE OF THE CHIEF ELECTRICAL ENGINEER,
Bangalore,.....M.a.y....194 7.
(MYSORE, S. INDIA.)



The Chief Secretary
to the Govt. of H.H.
the Maharaja of Mysore,
B a n g a l o r e.

S i r,

Retrocession of C.& M.Station, Bangalore.

In continuation of my D.O.No.4434 dated 9-5-47, I have the honour to inform you that at present the following street lights are in service in the C.& M.Station area:-

1) 1900 overhead lights of 60 C.P.
2) 12 Halt Signs of 60 C.P.
3) 19 Street Lights of 100 C.P.
4) 11 Street Lights of 250 C.P.
5) 1 Street Light of 400 C.P.
6) 1 Five-way Cluster of 5 lights of 400 C.P.

The rate of royalty charged to C.& M.Station Municipality in accordance with the agreement entered into is as follows:-

1) Rs35/- per annum for each 60 C.P.Overhead light
2) Rs35/- --do-- 60 C.P.Halt Sign.
3) Rs70/- --do-- 100 C.P.Street light.
4) Rs140/- --do-- 250 C.P. -do-
5) Rs245/- --do-- 400 C.P. -do-
6) Rs300/- --do-- five-way cluster.

If the C.& M.Station area comes within the jurisdiction of the State and the street lights are to be billed for in accordance with the schedule of rates that are being levied in respect of other major municipalities like Bangalore City & Mysore City, the royalty will have to be reduced with the result that the Department will lose every year to the extent of Rs25,772-4-0. In view of the fact that for a few years more the C.&.M.Station Municipality is to remain as a separate unit, it is for orders of Government whether the royalty on stree lights in service has to be billed for at the schedule of rates applicable to the Bangalore City Municipality from the date Retrocession takes effect.

I have requested Mr.Bapat, Chief Engineer for Roads & Buildings to intimate me the number of buildings that are going to be taken over by him. The lighting installations in these buildings are now being treated as private lighting installations and charged for at 4 annas a unit, subject to the usual rated minimum. If these buildings are

to be treated similar to Government buildings in Bangalore City, they will have to be charged at 4 annas an outlet per month, with the result that there will be considerable reduction of revenue from them; but the exact amount can only be determined after the number of buildings to be taken over by the Chief Engineer, P.W.D. is known. As soon as this information is received, a further report will be sent to you in this behalf.

I have the honor to be,

S i r,

Your most obedient servant,

Chief Electrical Engineer. 10/5

GOVT. OF MYSORE

Copy of a letter No.F.11(36)-IA/47. dated 8.1.48 from Ministry of States to Diwan ~~Bahadur,K.C.S.I.~~ Mysore. Sir-

---

I am desired to refer to paragraph (c) of your demi-official letter dated August,25 1947,and to state that the Posts and Telegraphs Department would like to continue the telephone system in the Mysore State as at present until the future policy of the Government of India in the new constitution with regard to the control of telephone system falling within the limits of an Indian State is decided. I am to request accordingly that the existing arrangements may therefore continue.
